Insurance warning for churches!

The Presbytery and several churches in our presbytery have had their insurance coverage cancelled recently, sometimes with sketchy pretexts. While the cancellations are mostly with GuideOne, *all* congregations should review their policies and update them. In general, the issues have been about building coverage rather than the liability components. This is a national problem across all denominations. There are a number of ways to reconfigure policies to decrease the hardship, including decreasing coverage on the building to less than replacement costs, dropping coverage on expensive items like stained glass windows or organs, or adjusting coverage amounts, all of which should be discussed with your agent. We recommend that you review your insurance now, even if you don't anticipate issues at this point. "You never know."

Contributing to Medical Dues Assistance for Congregations Fund

If your congregation has benefited financially from the changes in Medical Insurance with the Board of Pensions and wish to assist other congregations who will suffer large increases in pastoral leaders' family coverage, please send your contribution to our financial secretary (finance@presbyteryofgeneva.org or to our PO box) marked "Medical Dues Assistance for Congregations Fund." Your sibling congregations thank you!

Individual per capita donations

Individuals who wish to contribute the equivalent of per capita may use the Presbytery's online donation link at <https://secure.myvanco.com/L-ZBHC/home>, select the correct tile, and complete the transaction. You may also send paper checks to our financial secretary at our Post Office box, marked "individual per capita contribution," and it will be directed to the right place. Thank you!

Online Donations

Please see the information sheet about our online donation program through the Presbyterian Foundation and partner Vanco. We have Presbytery General Fund, Camp Whitman, and Individual per capita now, and additional coming shortly.

As always, have at me with questions!
